HOUSE RULES

We are passionate about making great cocktails and everything we do is made to order. Because of this, during busy periods, our cocktails can take a little time. Please be patient and know that it will be worth the wait.

We only make two types of flavoured martinis: gin or vodka. Please don't order a dirty martini!

Please do not ask for a Pina Colada, Strawberry Daiquiri or any other blended drink as our response to your request may offend.

Don't bring anyone here that you wouldn't leave alone in your own home, you are responsible for your own guests!

The customer is not always right, just the polite and respectful ones.

When leaving, please do so quietly. Remember, we have neighbours!

Even though we adhere strictly to our house rules, we do so with tongue firmly in cheek. Enjoy your evening!
